

MATERIAL SAFETY DATA SHEET

Company : P.T. KURITA INDONESIA

Brandname : KURITA KL- 608

1.1. Chemical characterization :

Silicone based

1.2. Form : at 20°C liquid

1.3. Colour : Milky white

1.4. Odor:

2. Physical data and safety data

Tested in accordance with:

2.1. Change in physical state

Freezing Point

°C

Boiling Point

approx 100°C at 1013 hPa

Components:

2.2. Density

(25 °C)

approx 1.0 g/cm³

Bulk density

(°C)

kg/m³

2.3. Vapour pressure

(20 °C)

22 hPa

(80 °C)

mbar

2.4. Viscosity

(25 °C)

1000 - 3000 mPa's

2.5. Solubility in water

(20 °C)

g/l

2.6. pH value (as product)

(25 °C)

5 - 8

2.7. Flash Point

None °C

2.8. Ignition temperature

None °C

2.9. Explosion limits

2.10. Thermal decomposition

2.11. Hazardous decomposition product

2.12. Hazardous reaction :

2.13. Further Information

3. Transport

GGVSee/IMDG : Not correspond

UN-No : -

ICAO/IATA-DGR : Not correspond

GGVE/GGVS : Not correspond

RID/ADR : Not correspond

ADNR : -

Other information : Danger code (Kemler-No) : Not correspond

4. Regulations

4.1. This product dose not contain any environmental hormone
